ABOUT ME

Passionate programmer with a strong focus on Java and problem-solving. I find coding both challenging and rewarding, and I am dedicated to improving my skills through hands-on experience. With a foundation in Java, Git, and algorithmic problem-solving, I am eager to contribute to meaningful projects and grow in a collaborative, results-driven environment.

EDUCATION

Bachelor of Technology in Computer Science
Gokaraju Rangaraju Institute of Engineering and Technology, Hyderabad, India
Expected Graduation: 2027
Relevant Coursework: DSA, Object-Oriented Programming, Database Management

SKILLS

- Programming Languages: Java, C, Python
